The Gecko™ is currently used by more than 25 California Distributors.

- **Speed**—The Gecko™ Applicator accelerates the current manual application process used to apply California Tax Stamps. Once a stamp is applied, the next stamp is automatically dispensed.
- **Ease**—The Gecko™ automatically dispenses stamps without any triggers or switches eliminating any repetitive motions.
- **Usability**—The lightweight and easy to use unit operates on a long lasting rechargeable battery pack.
- **Accuracy**—The unit prevents multiple stamps from being dispensed.
